Today—County Has Raised
\$3,300 To Date.

The Y. M. C. A. drive is on. Fall in line and help it to a glorious victory. Its duty is next to raising an army and supporting it. But no army can conquer unless its spirit and purpose is maintained and that is the mission of the Y. M. C. A.—to go among the boys in camp and field and carry moral habit and fervor. It is to befriend the boys who offer their lives, to see that those lives are kept pure and inspired with a zeal for the good and true. There cannot be a nobler mission. No man has a right to make any money these days. The republic, the Y. M. C. A. and the Red Cross need it all. See that they get it. It is wicked to make a cent out of the nation's woe. It should all go to saving the country and to the boys engaged in that effort.

CATHOLICS TO HELP

Special Collection To Be Taken For K. of C. War Fund For the Benefit of Men in Service of Uncle Sam.

Pursuant to the request of the National Catholic War Council at a conference held at Washington, D. C., some time ago, Rev. Bishop Brogarty of Covington, Kentucky, has directed that a collection be taken up in the various churches of his diocese on next Sunday, November 18th, 1917, for the benefit of the Knights of Columbus War Fund, which is expended for the benefit of the men in the service.

Both the Y. M. C. A. and the K. of C. furnish recreation centers for all regardless of creed. The religious needs of the non-catholics are supplied by the Y. M. C. A., those of the catholics, comprising about 40% of the men in the service, by the K. of C. The buildings of both organizations are opened to all soldiers at all times regardless of creed or class. The Knights of Columbus must render this help over seas as well as at home, and in addition have been asked to lend support to the American Red Cross in special work.

For this purpose there will be required a fund of \$3,000,000 to \$5,000,000. The members of the K. of C. having heretofore contributed more than \$1,000,000. The generosity of the people generally must be relied upon for this fund, and appeal is made alike to the catholic and non-catholic to contribute liberally to this purpose which is expended without discrimination to all the men in the service.

There is absolutely no expense connected with the handling of this fund, no paid agents, no commissions. Any sum contributed to this fund goes directly, without deduction or expense, to the purpose for which it is given. The collections being made through the various churches involves no expense and the general administration of the fund is under the officers and clerical staff of the Knights of Columbus, and not charged against this fund. Their bonded officers are held responsible, and their books will be open at all times for inspection, and a complete public account rendered of all receipts and expenditures.

As 40% of the men in the service are catholics, a much larger percentage than the pro rata catholic population, and as they are fighting for our common country, it is felt there is no impropriety in asking non-catholics to contribute generously to this subject.

This movement has the approval of the Catholic hierarchy, National Catholic War Council, President Wilson, ex-Presidents Taft and Roosevelt, Secretary Baker, ex-Secretary Bryan, and others prominent in Church and State.

The above collection will be taken up at St. Patrick's Church next Sunday. Any contribution may be handed in at the Pastoral residence before or following that date, until the fund is transmitted to the proper Diocesan officers. There will be no personal canvassing. A list of the contributors will be published later.

The following contributions have been made:

BODY OF EDWARD STEWART

Which Was Buried Here Tuesday, Will Be Exhumed—Investigation Being Made Into Mistreatment of Longview Hospital Patients.

Tales of horrible mistreatment of the patients at Longview Hospital, Cincinnati, has caused a grand jury investigation. The investigation was started after relatives of patients who had died at the hospital had found bruises and marks on the bodies and reported the matter to Judge Alfred K. Nippert. Former patients have also testified that they were badly handled while at the institution.

One of the witnesses heard Wednesday was Charles W. Stewart, Kilduff, Iowa. Stewart was at Maysville, Ky., attending the funeral of his brother, Edward Stewart, when he saw an account of the Longview Hospital investigation in The Enquirer.

Edward Stewart, 45 years old, former resident of Maysville, was committed to Longview November 1. He died at that institution November 7. Longview Hospital physicians who signed the death certificate attributed death to paresis.

According to Charles W. Stewart, when the body reached Maysville, the skull was fractured; there was a cut in the back of the head and one on the forehead. Coroner Bauer will arrange to have this body exhumed and an examination made at Maysville, where it was buried Tuesday.

John Hodapp, undertaker, who forwarded the body of Stewart to Maysville, said yesterday, he noticed an abrasion on the forehead when he was preparing the body for burial. He said he called attention of relatives to this injury and then treated it so that it was not conspicuous.

Hodapp said he did not believe the man's skull was fractured.

In Probate Court Stewart was registered as a cigar maker. He had been a patient at the General Hospital, where records say he was suffering from alcoholic dementia. He told General Hospital physicians he had no friends.

A special prize of \$2 for the best loaf of war bread, accompanied by recipe, has been announced by the premium committee of the Tobacco and Corn Fair. One third or more of the flour must be other than wheat.

PASTOR TO SPEAK TONIGHT
"Show Your Colors" will be the topic for the Win-My-Chum service at the Third Street M. E. Church this evening. The pastor, Rev. Hunt will be the speaker. If you have been attending these services you will not want to miss this service which marks the first climax of the series. If you haven't been to one yet come tonight. You cannot find a better place in the city to spend the hour from 7:15 to 8:15. Special music by quartet.
The address of Mr. Calkins last evening was a master piece. Those who heard him were delighted and it is sure that all had a clearer vision of the great work of the churches in mission lands.

CALLING MEETING OF CITY COUNCIL
A called meeting of City Council was held last evening, Mayor Lee presiding and all members present. The Mayor was authorized to advertise for bids for the furnishing of cans and woodwork for the new sanitary privy system. Two committees were appointed to locate two wash stations for the washing of cans used in the privies.
The City Treasurer was authorized to turn over to the Board of Education \$6,000 for the purpose of taking up school bonds.
There being no further business, council adjourned.

Judge Frank Walton has returned to his home in Lexington after having been here to attend the Walton-Pickett nuptials.

MORE SCHOOL DAYS A BENEFIT

The discussion of the value of all-year-round schools as a war measure continues. It is interesting to learn what is thought of the system in a city where the 12-month school year has ceased to be a novelty and where it was adopted as a needed and helpful peace measure. Two years ago the schools of Mason City, Ind., divided the year into four 12-week periods with promotions at the end of every quarter. This system extended from the kindergarten to the close of high school. Naturally it necessitated a rearrangement of study schedules, changing some of the half-year courses to 12-week, and some to 24-week courses.

The superintendent of the Mason City High School explained in a recent interview what have been shown to be some of the advantages of the system. In the first place it has kept a \$1,000,000 investment working straight through the year instead of letting it lie idle for three months. It has enabled children who have to leave school and get to work as soon as they are old enough, to go farther with their formal education than they could under the old regime. Many of them who would not have gone beyond the grades got in two years of high school work, and others finished the four years. They were better fitted for earning their own living than they would have been with less schooling. It enabled other students who were accustomed to working through vacations to choose the three months in which they could get the most lucrative employment. Teachers were glad to have their profession raised above rank of a seasonal occupation, and to be able to choose their own vacation periods.

From the educational side there is an interesting fact noted. The pupils themselves did better work in the nine months following a summer session than they had done in the preceding nine months that had followed a summer recess. And their health didn't suffer from all-year-round work, either.

"WAR BREAD"

It is widely rumored that the administration is contemplating drastic supervision of the baking industry. Within a month, says one report, President Wilson will issue a proclamation placing all bakers under license and forbidding the baking of any but "war bread," under a formula to be furnished by the government. There will be established compulsory standards of quality, weight and price.

This will be a radical measure, perhaps the most radical yet inaugurated in an era of unprecedented federal regulation. But the administration may rest assured that if it is necessary, as it appears to be, there will be no opposition from any public-spirited American.

The bakers and the public have been asked to adopt voluntarily measures designed to save 20 per cent or so of our flour for the use of our allies, and make bread cheaper for the American consumer without making it any less wholesome. If the bakers refuse to change their formula and standardize the weight and price of loaves, and if the public neglects to make an imperative demand for such changes, there is nothing left but for the food administration to step in and dictate the requisite reform. The sooner it comes, the better.

FOUR WEEKS IN HOSPITAL

No Relief—Mrs. Brown Finally Cured by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains.

A friend who is a nurse asked me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 2844 W. 12th St., Cleveland, Ohio.

A. PROCLAMATION

By Governor A. O. Stanley Designating Week of November 11 to 17 "Y. M. C. A. War Fund Week."

TO THE PEOPLE OF KENTUCKY, GREETINGS:

WHEREAS hundreds of thousands of our boys have been called from their home to training camps and to a foreign land, where when relieved temporarily from the ordeal of duty in the front line trenches they are subjected to temptations and evil influences that are demoralizing to the individual, the President of the United States forewarned by the efforts of the other Governments to minimize the evil among their own forces, has added to other war preparations plans for protecting our boys as much as possible in their hours of leisure.

To the Young Men's Christian Association, Knights of Columbus and Young Men's Hebrew Association organizations devoted to and experienced in the young man problem, has been assigned the responsibility for surrounding the campments and rest camps and clubs behind the battle line with wholesome influences to furnish places where our soldiers

may enjoy comforts immune from degrading vice and to provide amusements recreations and reading and writing facilities.

General Pershing, commanding our expeditionary force abroad has urged the prompt extension of the Y. M. C. A. activities in France, and our allies are requesting the same beneficent ministrations among their troops. A commission of leading men of affairs after a careful survey of the situation and needs has determined that it will require an expenditure of \$35,000,000 to perfect the project. Kentucky's allotment of this fund is \$400,000 which our people are requested to raise by popular subscription.

THEREFORE, I, A. O. Stanley, Governor of this commonwealth, in accordance with the plans of those to whom the President of these U. S. has committed this responsibility, declared November 11 to 17 inclusive, "Y. M. C. A. WAR FUND WEEK," for the purpose of raising Kentucky's allotment of the \$35,000,000 funds and urge patriotic citizens throughout the commonwealth to contribute of their means to this cause with heartfelt gratitude to the boys who are leaving behind them the pleasures and associations of home environments to offer their lives as the supreme token of devotion to their country.

This project, designed to protect the health and morale of our boys to increase the probability of their safe return to maintain the morale of our army and so lessen the cost and curtail the duration of the war, is endorsed by our military leaders and commends itself to the patriotic support of all good citizens.

IN TESTIMONY WHEREOF, I, A. O. Stanley, Governor of the Commonwealth of Kentucky aforesaid, have hereunto set my hand and caused the seal of the Commonwealth to be affixed at Frankfort, the 10th day of November in the Year of Our Lord, one thousand nine hundred and seventeen, and in the one hundred and twenty-sixth year of the Commonwealth.

A. O. STANLEY.

By the Governor,
James P. Lewis, Secretary of State,
By E. Matt Karr, Assistant Secretary of State.

NATIONAL RIVERS AND HARBORS CONGRESS POSTPONED

Pittsburg, Penn., November 13.—Official announcement has been made of the postponement until further notice of the fourteenth annual convention of the National Rivers and Harbors Congress, which was scheduled to be held in Washington December 5, 6 and 7. It is said that, on account of business connected with the war, the large number of delegates expected. Under such conditions it will be impossible to hold the convention in Washington and the difficulty of completing arrangements to hold it elsewhere on the announced dates is so great that the only practicable course to follow is to announce the postponement of the convention until further notice.

CHEAP THANKSGIVING, TURKEYS PROMISED

Cold Storage Operators Must Sell Storage Turkeys By Thanksgiving—At Conference With Operators in New York W. F. Priebe Tells Views of Food Administration.

New York, November 12.—At the Hotel Astor last night there was a conference between W. F. Priebe, representing the poultry and egg department of the Food Administration and members of the poultry distributors. It was the most important meeting of the season.

Frozen poultry stored in the last months of 1916 must be sold this winter. Owners of it cannot carry it over beyond the time when the packing of fresh poultry ordinarily begins. This is brought out clearly in an opinion by the legal department of the Food Administration as quoted by W. F. Priebe, in charge of the poultry and egg division of the administration.

Mr. Priebe said that he had requested the conference to make plain just the intention of the Food Administration. In addressing the meeting, Mr. Priebe said, "You ask my opinion as to whether it would be legal under the Food Control Act of August 10, 1917, to carry poultry stored in the months of 1916 over the present winter until the summer of 1918. In my opinion, any attempt to carry over this poultry beyond the time when the packing of fresh poultry ordinarily begins is a clear violation of the Act."

The poultry stored last year was more than normal and over 30 per cent still left in the coolers. No one who stored it then expected to carry it over into 1918. The distributors because of high prices failed to sell the normal amount of poultry. There was at present he said over 40,000,000 pounds of frozen poultry in the freezers of which 6,000,000 pounds were turkeys. He impressed upon those present that the Food Department was not responsible for the law, that it had been passed by Congress, and it was the duty of the Food Administration to enforce it.

The law specified no time in which poultry can be held, but the legal department has said that all owners of poultry store in 1916 and the winter of 1917 would violate the law if they carried it into next year. He said there was one-third of all the turkeys that were stored at a high price still in the freezers and it was the intention of the Food Administration to force these turkeys into consumption by Thanksgiving.

In view of the approach of the Thanksgiving market for turkeys and other poultry, the Food Administration suggests that owners and distributors adjust their prices on frozen poultry so that the product will move into channels of consumption at once. If this is done it is thought the greater part of the turkeys will move for the Thanksgiving requirements.

Mr. Priebe in explaining why held

"Warms me up on the inside" Bobby POST TOASTIES

COLD WEATHER COME FOOD

poultry should be pushed into consumption and that the Food Administration looked at it much as a housewife would who on going into her poultry, found that she had a large supply of some perishable line food that unless consumed would depreciate. She at once begins to consume that line of food, and in that way gets rid of it, no matter what it cost. The Food Administration thought that the held poultry should go into consumption, irrespective of cost to make room for fresh killed stock.—The Produce News.

THE DAILY REMINDER

In The Day's News William F. Kirby, junior United States senator from Arkansas, celebrates his 50th birthday anniversary today. Senator Kirby is a new member of the Democratic majority in the upper house, having been chosen last November to fill out the term of James P. Clarke. He is a native of Miller county, Arkansas, was educated at Cumberland University, practiced law at Texarkana from 1885, served two terms as attorney-general and in 1910 was elected an associate justice of the Arkansas supreme court. Senator Kirby has a wide reputation as a law authority. He is the author of "Kirby's Digest of the Statutes of Arkansas," which is considered an indispensable part of the office apparatus of every lawyer in his State.

AUTO THIEVES

Held Under Heavy Bond and Are Now in Adams County, Ohio, Jail.

(Manchester Signal.)

Harry Benner, of Logan, W. Va., and Carl Jones of Louisville, Ky., are occupying a cell in the Adams County Jail the result of having stolen two Ford automobiles, one from Elliott & Redwells, of Maysville, and the other belonging to Otis Ellis of Sprigg township while he was in town Saturday evening. After getting supper here the two young men stepped out into the street, cranked up the machine and started for Portsmouth, missing the river road just east of town they continued up Island creek on to Lynx, Blue Creek and over the Rome hill into Rome and becoming confused as to which way to turn they went straight ahead and shot over the river bank into the mud, which held them fast until placed under arrest by Wash Davis, Constable of Green township, Marshal Harris of this place went after them Sunday morning and on Monday morning they had their hearing before Mayor Holderness and both bound over to court, Benner for \$2,000 and Jones for \$1,000. The machines were returned Monday to their respective owners. The penalty for stealing a machine is from one to twenty years in the penitentiary.

The annual meeting of the Northern Lumbermen's Salesmanship Congress opens at Bay City, Mich., today and will continue over tomorrow.

ENDORSED AT HOME

Such Proof as This Should Convince Any Maysville Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Frank Taylor, Prop. barber shop, 401 E. Second St., Maysville, says: "A few months ago, I had a slight attack of kidney troubles and my kidneys were irregular in action. The kidney secretions were too frequent in passage and then again, were scanty and highly colored. I had a dull, steady ache through the small of my back and my back was weak. Four boxes of Doan's Kidney Pills, which I got at Chanslor's Drug Store, cured me of the complaint."

Mr. Taylor is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mr. Taylor—the remedy backed by home testimony. 50c all stores. BOAT OWNERS NEXT

Owners of motor boats, yachts, sail-
ing boats and other pleasure craft
are ordered to make returns immedi-
ately to United States Internal Re-
venue Collector William Lindsay un-
der the provisions of the new war
revenue act, imposing a tax of \$5 a
year and upward.

Under the provisions of the law all
motor boats with fixed engines weigh-
ing less than five net tons are sub-
ject to a tax of \$5 a year. For yachts
pleasure boats, power boats and sail-
ing boats of more than five tons and
not used exclusively for trade, a
graduated tax per lineal foot meas-
urement is imposed, at the following
rate: Length not over 50 feet, 50
cents for each foot; length over 50
feet and not more than 100 feet, \$1
for each foot; length over 100 feet,
\$2 for each foot.

This tax became effective on Octo-
ber 3, 1917, and must be paid with-
out delay.

For the period terminating June 30,
1918, three fourths of the above rates
will apply.

Blanks on which to prepare reports
will be ready for distribution in a
short time, and application for the
same should be made of William
Lindsay, Collector Internal Revenue.

Penalty provided for failure to pay
the tax is a fine of \$1,000 or impris-
onment for not more than one year,
as well as an additional penalty of
double the tax evaded.

TOBACCO PRICES

To Be High Coming Year, According
To Kentucky Sales.

That war-time prices for tobacco
will prevail during the coming year
is quite evident from the report of
leaf tobacco sales for the state of
Kentucky during the month of Octo-
ber. Considerable interest centers in
the sale of 1,485 pounds of new, 1917
crop, burley tobacco at an average of
\$17.34 per 100 pounds. Although but
little more in quantity than that con-
tained in a goodsized hoghead of to-
bacco, the October sale establishes
something of a precedent for new
burley and indicates the high trend of
prices which seem certain to prevail
throughout the year. The average for
the tobacco sold for growers was
\$18.86 per 100 pounds, the highest in
many years. Cincinnati tobacco men,
however, say that it is only a fore-
runner of the higher prices which
will be paid.

The total quantity of old crop to-
bacco sold in Kentucky during the
month of October was 146,950 pounds,
which brought an average price of
\$16.35 per 100 pounds, representing
a grand total value of \$2,321,377. Of
this quantity 108,630 pounds was bur-
ley, which sold at an average of
\$20.63 per 100 pounds; 15,750 pounds,
one-sucker, at an average of \$13 per
100 pounds, and 22,570 pounds of
Green River, at an average of \$16.35
per 100 pounds.

BOYS' WORK PROGRESSING

Mr. Alex Casey, County Chairman
for Boys' work in the Y. M. C. A., con-
tinued his successful work in the
county schools yesterday, accompa-
nied by Rev. Locke White. He visited
the Washington and Mayslick Schools.
Six clubs were organized in the
Washington School and seven in the
Mayslick School, each club to raise
\$10 for the Y. M. C. A. work. Not a
single room in either school failed to
respond.

The canvassers report that the
most interesting feature of the work
was the eagerness of the girls to have
a part in the work. In some cases
the boys showed their characteristic
pride in their own ability and refused
to let the opposite sex have member-
ship in their clubs, whereupon the
girls promptly organized clubs of
their own. The only 100% room
visited was the High School room at
Washington. The most enthusiastic
room visited was the third grade at
the Mayslick School.

CORPORAL THOS. BARBOUR

Writes Letter to His Mother From
Camp Shelby Telling of the Splen-
did Work the Y. M. C. A. is
Doing For the Soldiers.

Mrs. Mattie Barbour upon inquir-
ing from her son, Tom, who is in
training at Hattiesburg, Miss., as to
the work the Y. M. C. A. is doing at
Camp Shelby received the following
reply:

Dear Mother:
I am writing this in one of the
buildings erected in our camp by
the Y. M. C. A. and on stationery
which it furnishes us. What does
the Army Y. M. C. A. do for us fel-
lows you ask?

Well I'll tell you.
It provides outdoor and indoor
games, baseball, basket ball, volley
ball, foot ball, checkers and chess. It
supplies entertainment, music and
moving pictures. It conducts classes
in French, English and other Educa-
tional branches. It organizes Bible
classes and promotes a strong relig-
ious work program. It keeps the fel-
lows out or trouble by filling their
spare time with useful and enjoyable
occupations. It takes the place here
of school, church and home and more.
It's the soldiers club. Its secretar-
ies are friendly men, living under the
same camp conditions as ourselves.

When we go overseas these com-
forts and men will go with us to do
for the American boys what they are
doing for our allies in England,
France, Russia, Mesopotamia, Egypt
and Italy. The "Y" is already over
there.

The aim of this work is at all
times to keep us fit and contented
and our officers and the pastors of
near-by churches are helping greatly
to bring these results.

To render this service here and in
the other camps 600 buildings and
tents are required in America and
hundreds more abroad. Thousands of
men together with equipment and
maintenance are also necessary.

And it doesn't cost us fellows a
cent.

Who pays it all?
Well, I've wondered myself, but
I've just heard how they do it.

As usual they call on the folks back
home.

I've been told too that the fund
which was raised for this work last
spring has been exhausted and
they're going out again from Novem-
ber 11th to 19th in a nation-wide cam-
paign to secure enough more to last
until July.

There'll be campaign committees in
every state and you'll probably hear
more about it.

It's going to take \$35,000,000. That's
a lot of money but when you think
that several million men at home and
abroad are to be served it's certain-
ly worth many times that amount.

Take it from me if you know any-
body who really wants to make his
money count in winning the war by
giving the fellows the things they
need tell him to write his check in
just as many figures as he can and
we'll lick the Kaiser in half the time
it will take if this money is not sub-
scribed.

OF THE EARTH, HAS 204 ACRES, ONE MILE FROM MAYSVILLE, KY.,
ON THE LEXINGTON PIKE, HAS SPLENDID BRICK HOUSE, LARGE
TOBACCO BARN AND OTHER BUILDINGS.

MR. ROGERS BOUGHT THIS FARM LAST SPRING EXPECTING TO
MOVE ON IT BUT HAS LOST HIS HEALTH AND IS RETIRING FROM
THE FARMING BUSINESS. BEYOND QUESTION THIS IS THE BEST
FARM IN MASON COUNTY FOR SALE TODAY. THE PRICE IS RIGHT.
BE QUICK IF YOU WANT IT.

OTHER GOOD FARMS ON MY LIST C. F. LOYD'S FARM OF 45
ACRES ON GOOD PIKE 3 MILES FROM MAYSVILLE.

JOHN KALB'S FARM OF 100 ACRES ON GOOD PIKE 3 1/2 MILES
